Special Needs Respite

**Family Supports Services - Catholic Charities Disabilities Services
1 Park Place Suite 200 Albany NY 12205, (518) 783-1111**

Instructions:

A. Description of grant: Catholic Charities Disabilities Services Family Support Services Special Needs Respite provides financial assistance to families who are in need of Respite Services and are caring for a family member who lives at home with high behavioral and/or medical needs along with a developmental disability and limited resources who live in the following counties: Albany, Rensselaer, Schenectady, Schoharie, Saratoga, Fulton, Montgomery, Warren and Washington counties. The family will keep track of Respite and Behaviorist hours, fill out a provider log, submit the log, receive a check from CCDS, and then pay the provider. Families will locate and hire their own providers. A maximum of \$1,000.00 per year may be requested per consumer.

B. Respite funds can be used in any of the following ways:

- 1. Increasing utilization of existing OPWDD Waiver Respite funds by supplementing the current pay rate: For example, if the person currently has approved Respite hours through the OPWDD Waiver at a pay rate of \$9 per hour, but no one is willing to provide the service because of the nature of the behaviors the person displays, the grant could pay \$6 per hour on top of the \$9 per hour from the Waiver to equal a pay rate of \$15 per hour. It is much more enticing for staff to receive \$15 per hour to do a job they wouldn't normally do for lower pay. The side benefit to this is that existing services would be utilized, and the grant money would be stretched further.**

2. **Providing an additional Respite staff person (2:1 staffing):**
This choice also has the side benefit of utilizing the existing Waiver Respite service. Families would have a choice of hiring an additional Respite provider at an hourly rate determined by the family, to have 2 staff to work with one individual. This is often needed when a person has a lot of behaviors and wants to go out into the community. The rate of pay through the Waiver may be \$9/hr for that staff, but they'd be more willing to work with the person because they would have another staff to assist them in case the individual bolted, dropped, had an outburst or tantrum etc. Or, for someone with high medical needs, they could safely go out into the community, especially if they need a two person transfer.
3. **Employing an FSS Respite provider at an increased rate:**
This choice would enable the family of someone with a great deal of behaviors to pay a higher rate (\$15/hr) to a provider for Respite. This is especially helpful to families whose child is not currently approved for Waiver Respite.
4. **Phone consultation with a Behaviorist:**
Families who have a child with a great deal of behaviors often feel stressed out and burnt out. They aren't receiving respite because no one wants to provide the service, and they don't have the time or resources to join a support group or go to counseling. This service will be available to approved applicants. There will also be money set aside from the grant to provide funding for this service. It will be billed by quarter hour. A list of certified behaviorist and phone numbers will be presented to the families along with the approval letter regarding their application. The pay rate will be \$25 per hour, or \$6.25/quarter hour.
5. **The family may employ a Nurse:**
Many families of children with high medical needs lack Respite because they are unwilling to leave their child with an untrained provider. The family would be able to privately hire a nurse with the money approved to them through this grant. A list of nursing agencies will be provided to families along with the approval letter regarding their application.

C. **Please submit the following information along with the completed application:**

1. **OPWDD Letter of Eligibility** (if Provisional Eligibility letter is submitted it must be current). If the letter is not submitted the application cannot be processed.
2. **Documentation or Diagnosis indicating area of high medical and/or behavioral need:** Documentation may include, but is not limited to a behavior plan, IEP, nursing notes/plan, Doctor note, physical form, psychological evaluation. **Please highlight information which may be particularly helpful for the committee to review in relation to your request.*

3. Current Individualized Service Plan- * Please highlight information which may be particularly helpful for the committee to review in relation to your request.

4.) Completed “Acknowledgement and Consent” Form from The Notice of Privacy Practices packet. **This must be completed in order for the application to be processed.

D. Send the completed application packet (Application, OPWDD Letter of Eligibility, Documentation of Diagnosis indicating Medical and/or Behavioral Need, ISP, and Acknowledgement and Consent Form) to:

We may not disclose any of your health information for marketing purposes if our agencies will receive direct or indirect financial remuneration not reasonably related to our cost of making the communication.
